

NOAA Restoration Day 2007

Maryland Event

Annual opportunity for NOAA employees to work in the field, together as one organization, helping to restore coastal habitat in the Chesapeake Bay watershed through a variety of hands-on, restoration activities.

There will be two events again this year -- one in Maryland on the **Upper Bay** for NOAA HQ staff and one in Virginia on the **Lower Bay** (coordinated by the Virginia NOAA Chesapeake Bay Office).

When: Tuesday, June 12 (rain date: June 13)

Time: 9:30am – 4pm (all day event)

Where: Jug Bay component of the Chesapeake Bay National Estuarine Research Reserve in Maryland (approx. 45 minutes from Silver Spring, MD)

Who: 120 NOAA employees from all Line Offices

Why NOAA Should Help the Chesapeake Bay:

- Bay is a local treasure that needs our help
- NOAA supports coastal habitat restoration activities
- NOAA staff want to volunteer and do field work
- Consistent with the NOAA mission and 'One-NOAA' philosophy

Variety of Restoration Activities:

- Underwater Bay Grass Planting grown within 21 NOAA office tanks
- Coastal elevation demonstrations by NGS
- Plant mapping activity
- Debris clean-up
- Fish sampling
- Bird identification, and more...

NOAA Team:

- NOS/Special Projects
- NOAA Chesapeake Bay Office
- NOAA Restoration Center
- NOS/Office of Response and Restoration
- NOS/National Geodetic Survey
